DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 07 July 2004 has been entered.

Priority

2. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Allowable Subject Matter

1. Claims 1-4, 6-12, 17-20 and 24 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding independent claim 1 the prior art of record neither shows nor suggest a method of producing an image forming member comprised of, in part, and the phosphors of the three primary colors are disposed in the same order repeatedly along the row direction; the method comprising: (a) a step of arranging a plurality of first electrodes and second electrodes on the rear plate such that first and second electrodes of each of the

electron-emitting devices are opposed to each other in the row direction, along with the other limitations of the claim.

Regarding independent claims 6-8 and 17-19, the prior art of record neither shows nor suggest forming the row wires with a different cross section than the column wires.

Regarding independent claim 10, the prior art of record neither shows nor suggest providing row and column conductors of a field emissive display by depositing a photosensitive film through a plurality of apertures of a mask on a substrate, then selectively exposing the film deposits to form row and column electrodes, along with the other limitations of the claim.

Due to their dependency, the remaining claims are necessarily allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
